DETAILED ACTION

Allowable Subject Matter

1. Claims 1-3 are allowed. The following is an examiner's statement of reasons for allowance: The prior art fails to teach or make obvious the combination of an integrator integrating angular frequency to compute phase, an inverter that applies three phase voltage to the machine, a current detector; a coordinate converter converting the detected current into two axis current components based on the phase and converts a voltage command on the two axis coordinates into three phase voltage; and a voltage command unit that computes the voltage on the two axis coordinates based on the frequency and deviations in absolute values of the current components along each axis.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Renata McCloud whose telephone number is (571) 272-2069. The examiner can normally be reached on Mon.- Fri. from 8 am - 5pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David Martin can be reached on (571) 272-2800 ext. 4. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
